

God's Judgment Cometh Soon!

Fred R. Coulter—June 1, 2002

- What kind of world are we living in?
- What kind of world is coming?

I've got a report, which is quite extensive, that was presented at the Conscious Technology Conference, July 19-21, 2001 at Sisters, Oregon, called: *Synthetic Telepathy and the Early Mind Wars* by Richard Alan Miller. There are many different things that they're doing to try and control the human mind, and to try and program all human beings to the coming one-world order. What they're looking for is *mind control!*

"Frey found that human subjects exposed to 1310 MHz and 2982 MHz microwaves at average power densities of 0.4 to 2 mW/cm² perceived auditory sensations described as buzzing or knocking sounds. The sensation occurred instantaneously at average incident power densities well below that necessary for known biological damage and appeared to originate from within or near the back of the head."

So, when it was mentioned about using the cell phone and you could feel it inside your head, cell phones are microwaves. That's what you're feeling.

Pulse Microwave Technology

Pulsed microwave voice-to-skull (or other-sound-to-skull) transmission was discovered during World War II...

A lot of these things have been in the works for a long time, but now they're beginning to put them together. What this is that you can actually hear things not through your ears. But you can put a receptor on each side of your face or head and you hear through your skull. They actually have hearing aid devices that work on that principle, and you just bury a chip in each ear and you hear through your skull. It's quite a thing!

When you take into account that the pulse train is off (no signal) for most of each

cycle, the average power is so low as to be nearly undetectable....

In other words, now we're dealing with things that they can input into people's minds at such a low frequency and in such a way that there is virtually no way that you can detect it.

The sensation is reported as a buzzing, clicking, or hissing which seems to originate within or just behind the head....

...“The capability of communicating directly with humans by pulsed microwaves is obviously not limited to the field of therapeutic medicine.” (Dr. James Lin)

Synthetic Telepathy

Today, the ability to remotely transmit microwave voices inside a target's head is known inside the Pentagon as "**Synthetic Telepathy.**" According to Dr. Robert Becker, "*Synthetic Telepathy has applications in covert operations designed to drive a target crazy with voices or deliver undetected instructions to a programmed assassin.*"

It makes you wonder!

This technology may have contributed to the deaths of 25 defense scientists... It is claimed that directed energy weapons might have been used to literally drive these men to suicide and 291 accidents.

If you have that, and you project that to an enemy, just think what you can do to them. This new warfare is really something. It's all here!

They have equipment that they can see through walls, cinder blocks, and rock. They can detect deep inside the earth even a person breathing.

Think about Afghanistan and the caves that are there. You have to go back to the Carter administration to understand what happened. Zbigniew Brzezinski who wrote the book *Between Two Ages: America's Role in the Technetronic Era* was a personal advisor to Jimmy Carter. He made a trip over to Afghanistan when the Afghans were fighting the Russians. The Moshadime were the ones whom he talked to.

Every once in while you can see this replayed on Discovery Channel. But Brzezinski told the Moshadime that their war was just and Allah was with them, etc. That's when they started giving them support. The CIA worked with them undercover, and the CIA helped them build all their caves, which

tells you that when they went into Afghanistan this time, they knew where every major cave was. They were trying the new technology, which can even from space go down and x-ray into the earth and discover caves, minerals, oil and all of that sort of thing.

What they're telling us is really nothing. I suspect that's what's going on. Then here's another application:

Biological Amplification Using Microwave Band Frequencies

The next major development in ELF... [extremely low frequency] ...weaponry was the concept of a biological amplification of these signals at the cell level to perpetuate and set up resonance for more sophisticated information transfer.

They even have it now where they say that they have the means whereby they can communicate directly to the brain, by-passing the consciousness, and you can learn an entire language in just a few weeks.

Add this to any chip implants, add this to the coming *mark of the beast*, and you are going to see why the events at the end are going to be so horrendous. When you read these things, you think the end is really close. But then you read them again and you think it's further out, because God us going to let man go to his highest zenith under Satan the devil *before He intervenes!*

They talk about how these things work:

What these frequencies really are, however, are actual holograms of specific thoughts....

Now they can put thoughts into your head, because they can now replicate the brainwave thought patterns and they can put them into your head!

...This means that a hybrid form of brain fingerprinting is now possible....

Fingerprinting means that you can capture the brain signals, put them into a computer and store them. You can transmit them out and change the thoughts of the individual.

...And, once these "images" are stored (usually in a very sophisticated super-cooled computer), similar responses can be fed back to the person, inducing virtually any state desired (via entrainment protocols).

{Note sermon: *Guard the Door of Your Mind*} With this generation dumbed-down today, those minds will be much more easily manipulated.

Silent Sound Technology—“S-quad”

Silent (converted-to-voice FM) hypnosis can be transmitted using a voice frequency modulator to generate the “voice.” It is a steady tone, near the high end of hearing range (15,000 Hz), plus a hypnotist's voice, varying from 300—4,000 Hz. These two signals are frequency modulated. The output now appears as a steady tone, like tinnitus, but with hypnosis embedded....

...Then the brain converts the train of microwave pulses back to inaudible voice. There is *no conscious defense* possible against this form of hypnosis.

That is, I would say, *unless you have the Holy Spirit!* It's very incumbent that we really stay close to God and exercise the Holy Spirit. *Because:*

Ordinary radio and TV signals use a smooth waveform called a ‘sine’ wave. This wave signal cannot normally penetrate the voltage gradient across the nerve cell walls.

But they have a way of doing it now, so they can send in almost anything: emotions, feelings, instructions, and so forth.

“...The system was used throughout Operation Desert Storm (Iraq) quite successfully.” (Edward Tilton)

They didn't shell-shock the Iraqis because of the bombardment. What they did was to send in the five prayers for praying to Allah every day. Embedded in that sound coming over the radio was this very thing of hypnosis. They put them in a state of terror. That's why they surrendered so readily with virtually no fight. That was 1991.

Cloning the Emotions

[You get] ...“emotion signature clusters”... “These clusters are then placed on the Silent Sound [TM] carrier frequencies and will silently trigger the occurrence of the same basic emotion in another human being!” (Edward Tilton)

Fear, anger, hate...

Regarding system delivery and applications, there is a lot more involved here than a simple subliminal sound system. There are numerous patented technologies that can be piggybacked individually or collectively onto a carrier frequency to elicit all kinds of effects.

Think about what that will do for children!

In more conventional use, the Silent Sounds Subliminal System might utilize voice commands, e.g., as an adjunct to security systems. Beneath the musical broadcast that you hear in stores and

shopping malls may be a hidden message that exhorts against shoplifting. And while voice commands alone are powerful, when the subliminal presentation system carries cloned emotional signatures, the result is overwhelming.

Free-market uses for this technology are the common self-help tapes, positive affirmation, relaxation and meditation tapes, as well as methods to increase learning capabilities. But there is strong evidence that this technology is being developed toward global mind control.

The secrecy involved in the development of the electromagnetic mind-altering technology reflects the tremendous power that is inherent in it. **To put it bluntly, whoever controls this technology can control the minds of men - all men.**

There is evidence that the U.S. Government has plans to extend the range of this technology to envelop all peoples, all countries. This can be accomplished, and is being accomplished, by utilizing the nearly completed HAARP project for overseas areas and the GWEN network now in place in the U.S. The U.S. Government denies all this.

Then they also have ways to read the mind!

I saw a special report on Discovery Channel where now they can put sensors on the head. They've taken test groups of people and those who have been trained in special words and technology—in whatever their field was—and flash those words on a television screen and it would elicit a particular spiked brainwave in their head, which was recorded.

They took the same information, flashed on the screen to those who were not trained in it and they had absolutely no response to those things.

The long and the short of it is that the mind, once it has experienced something, remembers it. They are saying now that they're trying to perfect this to the point that it will be even better than DNA. They can take a suspect and sit him down before a screen and project on the faces of those whom he killed or robbed and show the scene of the crime and there will be a brain response that he will have, that only the person who did it can elicit. ***All of this is to control human beings! This is why it is so ungodly!***

- God has given free moral agency, *and this takes it all away*
- God has given you the latitude to make mistakes, to learn and correct those mistakes, *and this takes it all away*

On the sermon for the Feast of Trumpets, I talked about the movie *Universal Soldier*. If you haven't seen the movie, you might watch it, because that's what they are trying to do with all of the military forces. They're designing almost impregnable armor for infantry troops.

Thought Readings: Thought reading is an enhanced version of computer speech recognition...

When we say words to ourselves, silently, or, read a book, we can actually feel the slight sensations of those words in our vocal muscles - all that is absent is the passage of air. Coordinated speech signals are relatively strong and relatively consistent.

We are "fed" hypnotic signals to force consistent "neutral" content (but of different character than prior to becoming test subjects) in dreams. These forced, neutral content ("bland" content) dreams occur every single night and may represent the experimenters' efforts to have our experiences portray themselves in such dreams, in effect, mining our experiences.

Then they capture these and do things with it.

Implants...

Examples of Suggestions:

"You now lose weight and full fill your goals"

This is some of the programming that is on there now that's subliminal. You get these tapes and lose weight or whatever it is.

"Cigarettes disgust you"

"You are very sure of yourself"

There are probably 50 different things here. They do this for a lot of things; it's common in weight control. These power things! Reach down inside of you, 'you have more power in you than you realize.'

A woman is losing weight on this type of thing and she goes to hypnotist and she has a tape that she listens to when goes to sleep at night and she wakes up in the morning and has none of the hunger drives to put weight on her. She doesn't even remember the voice that was on the tapes.

You give yourself over to these things! This is why we will always reproduce our own CDs or whatever, because there's no telling what anybody could put on them.

Then they also have what is called:

Life Assessment Detector System (LADS):

They can tell whether people have been caught in a building because of an earthquake or landslide or battlefield.

That's why they have all of these things going on now, all of these emergencies so they can bring in this technology.

Ground (or Home/Apt. Wall) Penetrating Radar: Patriot Scientific Corporation has developed radar technologies with a wide range of possible applications.

This system can be used to demonstrate detection of small targets buried in sand, people behind walls, and other targets.

Patriot has used its antenna system to demonstrate detection of objects as small as a coke buried in sand, through a wall. Even small targets disturb the wavefront of the pulse, producing reflections and modifying the field in measurable ways.

I've just gotten through some of these things.

Commercial Thought Reading Devices:

You go on an interview with a boss and who knows what's there.

Brain-Wave Detection:

Voice to Skull, 1974:

HAARP: (High Frequency Active Auroral Research Project)...

Isaiah 54:17: "No weapon that is formed against you shall prevail; and every tongue that shall rise against you in judgment, you shall condemn. This *is* the inheritance of the servants of the LORD, and their righteousness *is* from Me," says the LORD."

I don't think we have fully appreciated the power that God has given us with His Holy Spirit, the protection that He will give us because of it, and this is the only way for those in this new generation to save themselves; **to turn to God!** This new generation is going to have all these things come upon them.

Let me just say something about the VeriChip {Note sermon: *The Mark of the Beast is Here with Digital Angel*} VeriChip Corp. borrowed their money from IBM to do their research. VeriChip Corp. was told by the FDA—Food and Drug Administration—that as long as VeriChip didn't have any medical information on it, that it was okay to implant it. After they ran the implants on those people who just started with it, now the FDA comes down upon them and says, 'Yes, it does have medical information on it.'

At the same time, IBM is calling due their loans and the interest. I look at this as IBM's grab for that technology, to weld it with their own. VeriChip Applied Digital had \$14-million in interest coming due. If they don't pay that on time then the interest rate goes up to 17%. Then they have so long to pay it, and if that doesn't work, then the interest rate goes up to 25%. The last increment of interest, if they don't make that, is 35%, probably all compounded and added together. So, Applied Digital and VeriChip will be taken over by IBM. They will naturally default to them.

When you understand that IBM deals in what is called nano-technology, which means they build one atom at a time. They have the ability to store a lot of information on each nano-chip. If you take the VeriChip and you incorporate nano-technology in there, you can have everything about that individual recorded and have room left over. So, the *mark of the beast* is really going to be a thing!

This introduction of it is just a start. Like everything else, it starts out and it's nice, innocent, good, etc. The reason that I bring that up is because here we have quite a powerful thing going on:

Revelation 13:4: "And they... [the whole world] ...worshiped the dragon, who gave *his* authority to the beast...."

This is all being projected through many ways of media, music, television, radio, CDs, employee training programs, etc. *All of these things are carrying some aspect of bringing people to worship Satan!* Especially this younger generation nurtured on Harry Potter and all the occultism.

"...And they worshiped the beast, saying, 'Who *is* like the beast? Who has the power to make war against him?'" (v 4).

Then we have the *abomination of desolation*, and ties this in with 2-Thess. 2:

Verse 5: And a mouth speaking great things and blasphemies..." If everybody has been programmed to receive this, they're going to say, 'Hooray!'

There are a lot of intelligent people who don't believe in God. So, when this happens, they are all set to receive it.

"...was given to him; and authority was given to him to continue *for* forty-two months. And he opened his mouth in blasphemy against God, to blaspheme His name, and His tabernacle, and those who dwell in heaven. And he was given *power* to make war against the saints, and to overcome them..." (vs 5-7).

Why against the saints? *Because, I believe that with the power of the Holy Spirit in us, it's like*

it says in Isa. 54, that they're not going to be able to control true Christians! They may interfere with us, but they will not be able to control us!

"...and to overcome them... [the martyrdom] ...and he was given authority over every tribe and language and nation" (v 7). That's how he's going to have the power' it's going to be setup and they are going to control it by these means.

That's why you've heard me say many, many times, be careful of the TV that you're watching! ***Be careful of what enters into your mind!*** It's very important to understand that and to practice that!

It makes you wonder what they have emanating out of these news programs so that everyone accepts the news without going further.

Verse 8: "And all who dwell on the earth will worship him, whose names have not been written in the Book of Life of the Lamb slain from the foundation of the world." *There has to be a protection as promised by Isa. 54:17; that God will protect us!*

Men will think that they're becoming God, especially those in charge, and when they can see how they can manipulate the masses. There has to be that power!

God has to protect us! ***If*** we give ourselves over to the world, and we give ourselves over to these things, will God then lift His protection from us? *I don't think anyone wants to risk that!* If you haven't read anything on HAARP, I suggest you get some books on HAARP, because they can send many different things to control the population and thoughts. It's all at an extremely low frequency.

Have you seen any documentaries on how elephants communicate with each other? They use extremely low frequency. As a matter of fact, the human ear cannot pick it up, but it travels across the ground over vast distances so elephants 20-30 miles away can hear it. They can communicate that there's water over here, food over there. When the females come into gestation and they're ready to procreate, then they send out a single and the males just all of a sudden appear and they start breeding. The males live all alone in solitary, but they appear just right at that time, because that sound goes out.

Men have been able to, with the HAARP technology, use those low frequencies to do things such as communicate with submarines under water. Now they've discovered that they can control thought patterns of human beings by using this technology.

So, there are many, many things out there

that we just do not understand or realize that have been going on, and they are all coming together at this time. It made me wonder, is this why God did not allow the knowledge of electricity to be discovered until a little over a hundred years ago. Look what they're doing with it.

- Satan wants to take away all choice
- Satan wants to take away free moral agency

And he can come nigh on to doing it with these technologies!

Dolphins and whales use a very similar thing with radar/sonar.

Luke 10:17: "Then the seventy returned with joy, saying, 'Lord, even the demons are subject to us through Your name.' And He said to them, 'I was watching when Satan fell from heaven like lightning. Behold, I give you authority to tread upon serpents and scorpions, and **upon all the power of the enemy...**'" (vs 17-19).

That's why we have the Holy Spirit. This is something that we need to come to the point of really claiming everyday! These things are factors out there now; they are going on now. We need to ask God to give us:

- strength
- protection
- resistance
- the ability to understand if these things are beginning to happen to us

Whenever you're going along and all of a sudden that there's some sort of thought that comes into your head that has nothing to do with what you are thinking, you need to stop and ask:

- Where did this come from?
- Why did it all of a sudden just project into your mind?

That's when you need to exercise ***bringing every thought into captivity unto Christ!***

"...and nothing shall injure you in any way. Yet, do not rejoice in this, that the spirits are subject to you; but rejoice that your names are written in heaven" (vs 19-20).

Having your name written in the Book of Life of the Lamb—and that book was set there before the foundation of the world—then God gives you a protection. But I am sure that ***we also have to be aware of it and claim it!***

I think this was really an eye-opener for me. This world is really going along. I don't think we realize how far down the road that they have come with all these things. It is something!

Let's look at it another way, too. If you let your guard down and you don't claim the promise, and there happens to be an infiltrator among you—who knows these things, who knows how to do these things—and begins bringing false doctrine. Who can come with false doctrine? Especially if it's recorded and sent out? *You can have almost anything!* You can implant almost anything onto these recordings. If they can have it so that you can have recordings to increase your ability to manage yourself to lose weight, to have greater mental ability; if they can put those on the sound tapes where all you hear is like the rolling in of the surf at night, they have those for sleeping; or the dripping of the rain, whichever one makes you go to sleep. Just image what they can put on there to hypnotize people.

If those who are Christ's let their guard down and open themselves up to it, then it's going to be something else—isn't it?

Let's take a fresh look at the Laodiceans who do not have their guard up, who are not exercising the Spirit of God. Once you have the Spirit of God, you have to exercise it, use it! Every day you have to let the Holy Spirit *lead* you! Here's how it can work in our lives. These are weapons that Satan is going to use upon the whole world, and the world is not going to know!

Romans 8:14: "For as many as are led by *the* Spirit of God, these are *the* sons of God." *You must let the Holy Spirit lead you! You must yield to the Holy Spirit, God the Father and Jesus Christ!* Let that:

- lead you
- guide your thoughts
- guide your actions
- guide everything that you do

Another thing that was pointed out was that today we live in such an electronic age that we have many frequencies invading where we are. We can't pick up on all of them, but you can take a radio and you can turn the dial. Every time you pick up on that frequency you can hear whatever it is: music, voice, advertisement. Same with television, cell phone and other electronic devices used for various things. All of these have electrical frequencies going out.

I think one of things that's going to be very important for us coming down the road in the future is to have a place and time where we can shut out all of that sort of thing. I think you'll be surprised how much peace of mind that you will gather during that time when you shut it out.

Have you ever gone shopping and here's this music going, and it just drives you crazy. I don't

know about you, but I hear some of that music and it just sets me on edge. I walk right out of the store. I don't even stay in there. That's why when I go buy something, I know what I want and go buy it and leave! It affects me! Some of that music makes me down right angry and hostile! I hope it's hostility toward it, not because of it!

(go to the next track)

The FBI is going to have great power; they're going to be able to do many things without even knowing it. Eventually, it's going to come down to our level. That's why they can go into groups, go into their websites, interfere and pick up any e-mail, any cell phone, regular phones, any fax communication.

They have great listening stations that just listen for key words. When they pick up key words, then they start recording it, and those are investigated. They're already spying! As a matter of fact, they've been doing it for a long time, but now it's being brought up 'on the table' and being legitimized 'because of the need.'

Being led of the Holy Spirit becomes far more profound, Romans 8:15: "Now, you have not received **a spirit of bondage again unto fear...**" *That's what the spirit of this world is; the spirit of bondage, and Satan wants to put you in bondage to him, and to ultimately reject God and worship him!* That's why the *mark of the beast* is going to be absolutely so insidious and why God is against it. Then you cannot be led of the Holy Spirit of God and you're no better than a 'dog on a leash.'

"...but you have received the Spirit of sonship, whereby we call out, 'Abba, Father'" (v 15)—*and that ties in with the book of Hebrews.*

Satan does not want people to have direct communication between you and God the Father and Jesus Christ. He wants to put a hierarchy in there, a man in there. He wants to put something else in there, and eventually replace that with himself at the top to be worshipped! It's really something the things that we're up against here!

Verse 16: "The Spirit itself bears witness conjointly with our own spirit, *testifying* that we are *the* children of God. Now, if *we are* children, *we are* also heirs—truly, heirs of God and joint heirs with Christ—if indeed we suffer together with Him, so that we may also be glorified together with Him" (vs 16-17).

There is going to be suffering! Satan comes along and says that you don't have to suffer. You're going to have to suffer:

- overcoming self
- working in this world because you keep the

Sabbath and Holy Days and obey God

- because of relatives
- because of physical duress against your body

and maybe

- martyrdom

I'm sure that God is going to spare a lot of seniors. I don't know if that includes me or not. I won't know until the time comes, but it is going to come upon this end-time generation.

This younger generation coming up better get into their heads that what they consider 'religion for old fogies' they don't need. They better change their minds and understand that the time is coming that unless they get right with God and repent and come out of this world, they are going to be taken captive by Satan the devil and they are going to become part and parcel with the system! They will no longer have the ability to make their own choices. ***That's where we're coming to in this world!***

- we have to understand the cost
- we have to understand that suffering is going to be there

Verse 18: "For I [Paul] reckon that the sufferings of the present time *are* not worthy *to be compared* with the glory that shall be revealed in us. For the earnest expectation of the creation itself is awaiting the manifestation of the sons of God" (vs 18-19).

That's what they're waiting for, the return of Christ and the sons of God to reign as kings and priests, ***and that's the only salvation out of this.*** Look what they're going to do to human beings. They're going to make them into robots and automatons.

Verse 20: "Because the creation was subjected to vanity, not willingly, but by reason of Him who subjected *it* in hope."

There is hope way beyond what we understand. Sometimes we get so involved in our own personal lives and the things that we're working on, ***that we don't see the big picture out there!*** We don't see the things that are taking place.

Verse 21: "In order that the creation itself might be delivered from the bondage of corruption into the freedom of the glory of the children of God." ***We're going to remove the bondage and slavery of this world!***

Verse 22: "For we know that all the creation is groaning together and travailing together until now."

The whole creation out there is sick, upside down, distorted and twisted. That's why when Christ

returns such horrible things are going to happen to this earth. Just like God did with the Flood, He's going to have to destroy everything!

- almost all human beings
- almost all animal life
- all cities
- all buildings

Bring it down to nothing so that He can start again! God is not a patcher; He's not going to build on any other man's foundation. Christ is not going to come back to this world and reform it! ***He's going to come back to this world and transform it! Remake it!***

Verse 23: "And not only *that*, but even we ourselves, who have the firstfruits of the Spirit, also groan within ourselves, awaiting the sonship—the redemption of our bodies. **For by hope we were saved...**" (vs 23-24).

Satan wants to put the world into a whole state of hopelessness so it will embrace him! A state of inaction so that he can carry out *his* will. It's very important that we understand that. So, we've got this hope coming!

"...but **hope that is seen is not hope...** [not here yet] ...for why would anyone still be hoping for what he sees?" (v 24). If you have it in your hand you don't say, 'I hope I can have...' ***It's right there! Christ has to bring it!***

Verse 25: "But if we hope for what we do not see, we ourselves wait for it with patience. Now, in the same way also, the Spirit is conjointly helping our weaknesses..." (vs 25-26). ***This is the whole thing using the power of the Holy Spirit! It helps our weaknesses!*** But:

- we have to let it lead us
- we have to yield to God the Father and Jesus Christ

So that these weaknesses can be overcome!

"...because we do not fully understand what we should pray for... [because of these weaknesses that we have] ...according as it is necessary, but the Spirit itself makes intercession for us with groaning that cannot be expressed *by us*" (v 26).

God's Spirit in us communicates directly to God what the innermost part of our being really is. I'm sure that it filters out all the nonsense and little thoughts that come into our mind while we're praying to God; those that are just little physical things having nothing to do with our prayers. But it communicates to God in the language that the Holy Spirit has been programmed to communicate to God our thoughts.

Verse 27: "And the One Who searches the

hearts comprehends what the strivings of the Spirit..." The purpose of the Spirit; not that the Spirit has a mind, but what the Spirit and the purpose of the Spirit in our mind does

"...are because it makes intercession for the saints according to the will of God. And we know that all things **work together for good** to those who love God..." (vs 27-28).

If you love God with all your heart, mind, soul and being, and you know that:

- Christ loves you
- Christ died for you
- He is your High Priest
- He is your Savior
- His is the soon coming King coming back to this earth
- you're going to rule and reign with Him

then everything "...works together for good..."; there is nothing that doesn't work together for good. When you're going through the different things, you may not understand it at the time, but later on you can look back and see that *it has, it does and it will!*

"...to those who are called according to **His purpose**" (v 28).

- God is not going to let you down!
- God is not going to leave you sitting there high and dry!
- God is going to intervene for you!

This is what the Laodiceans need to understand!

We living in a Laodicean age in this world where anything you want is at your fingertips. If it's not at your fingertips, you can have it delivered to your fingertips—*anything!* You go to any store, any mall, everything in the world is there in just an overwhelming gluttonous, not just food.

I've got a Long's Electronic catalog. There are so many things in here that it blows your mind! This is one little catalog of one little company in one little place on the face of the earth. There are probably thousands of catalogs for thousands of different things.

- we are living in a Laodicean age
- we are living in a Laodicean Church for the most part
- most everyone is content in their little ole form that they have

They're so used to coming to church on the Sabbath, that's what they do. Unfortunately, they have the same experience that the world has: Church becomes an experience, rather than somewhere you can learn and understand about God. People are more concerned with their feelings and their relationships

of their social status with people that they associate with in the congregations.

Then you have, on the other hand, all these false teachers out there promulgating all kinds of silly heresies and stupid doctrines all combined in it.

It is a wild, *wild, wild* world out there, and the Laodiceans are going to get caught flatfooted in their lukewarm condition and they won't know that it's happening. *But the time is going to come that they're going to have to choose between God and Satan!*

God will give them a little strength to choose, but it makes you wonder how many will do it. They equate physical things with spiritual things. *That's wrong to do!*

Revelation 3:15—Jesus says: "I know your works that you are neither cold nor hot..."—*right down the middle of the road!*

What do we have today? *Most everything is approached from a neutral rationalistic point of view!* Your neither for nor against! You're just right down the middle. As one man said, 'You have just enough religion to make you feel good, and just enough of the world so that you get along with them.' If you need help you can run to the world, or you can run to God.

What happens with that is that *you're double-minded! You don't have faith!* That's the danger, and the Laodiceans are double-minded! You can almost tell where the Laodiceans are, because that's where the most people are located. We have a lot of people in other Churches of God who get our sermons and so forth. They need to ask themselves:

- Am I comfortable where I'm going?
- Am I being fed spiritual meat from the Word of God where I'm going?
- Why am I going here?
- What is my purpose in doing so?
- *All my old friends are there!*
- Are your friends going to save you?
- Is the Church going to save you?
- Is the minister going to save you?

OR

- Is Christ going to save you?
- How is your relationship with Christ?

You need to evaluate that!

When Scriptures are read and you're offended, ***then you're offended at God!*** You may be offended at me if I read it, but your offense is really with God! I'm going to read these Scriptures here, and understand that if you are offended in the things that I'm going to say and do, you need to ask yourself:

- Am I offended because of what I hear from the man speaking?

OR

- Am I offended because I have drifted from God and become lukewarm and don't like the correction?

Please understand that if I speak some things that are corrective, that's a whole lot more mild than God directly intervening to correct you Himself! If you don't believe that, *read the book of Job!*

James 1:1: "James, a servant of God and of the Lord Jesus Christ, to the twelve tribes, which are in the dispersion: Greetings!"

We all pride ourselves in living in the end-time house of Israel. This message is for us, without a doubt!

Verse 2: "Consider *it* all joy, my brethren, when you are beset by various trials." The main thing is that they want happiness. The Dalai Lama comes along and says that 'the purpose of life is to be happy.'

Verse 3: "Knowing that the testing of your faith produces endurance.... [your faith is going to be tried] ...But let endurance have *its* perfect work, so that you may be perfect and complete, not lacking in anything" (vs 3-4).

Every time you have a trial—I have trials and you have trials—what do we find out? *We're lacking wisdom!*

Verse 5: "However, if anyone lacks wisdom, let him ask of God, Who gives to everyone freely and does not reproach *the one who asks*; and it shall be given to him."

It's not going to be one prayer to say, 'O God, give me faith.' *And hooray I've got faith!* 'God, help me to trust You.' *Then you have a trial and you say, 'God, why do I have a trial.'* God says, 'I want to see if you are going to trust in Me.'

Verse 6: "But let him ask in faith, not doubting at all..." The worst thing you can do is get on your knees in prayer to God, and then get up and say, 'I wonder if God heard that prayer?'

- *You've already lost it!*
- *You've already wavered!*
- *You are double-minded!*
- *You don't believe God!*

You're going through the ritual of a religion, and somehow you're stuck in it and you need to get out of it.

"...because the one who doubts is like a wave of *the sea* that is driven by the wind and tossed *to and fro*. Do not let that man expect that he will

receive anything from the Lord. **He is a double-minded man, unstable in all his ways**" (vs 6-8).

That's what the Laodiceans are! They are double-minded!

- they're half in the world, half in the Church
- they don't want anyone to rock the boat
- they don't want things to change
- they want the status quo
- they are not growing
- they are not overcoming

That's where it is, and that's where we are today!

There are a lot of people who just need to understand that. I'm not angry at people. I'm not mad at them because of it. That's the way the age is—isn't it? But if I speak nice, purring smooth things to you, ***and put you to sleep so that you are not on guard spiritually, then God is going to hold me accountable!*** Now that you have heard it, ***you're accountable!***

We're all going to come before the judgment seat of God! Everyone is going to give an answer for what he is, does or has been. That's just the way it is. But Laodiceans do not like the 'cruelty' of the reality of standing before God naked, but that's the way that it is.

Revelation 3:16: "So then, because you are lukewarm, and *are* neither cold nor hot, I will spew you out of My mouth." I've seen this over and over again in my experience as a minister in the Church of God.

Verse 17: "For you say, 'I am rich... [I'm in good shape] ...and have become wealthy... [everything physical that you would need] ...and have need of nothing'..."

The biggest fatal mistake in spirituality is equating success in physical things, meaning that because you have all these physical things and the physical blessings, *you* are spiritually right with God. ***That is not true!***

Physical things never make you spiritually right with God! *It is the spiritual things!* What happens? ***There is a spiritual blindness that takes place and you cannot perceive your own rotten spiritual standing!***

"...and you do not understand that you are wretched, and miserable, and poor, and blind, and naked" (v 17). ***Judgment is coming!***

In the movie Shawshank Redemption there is a sign in the warden's office and he told everyone who came into the prison: 'See that sign: **The Lord's Judgment Cometh, and that Right Soon!** That's why you're here in this prison.' After he got caught

in all of his corruption and exposed, then he was sitting there with a gun in his hand contemplating suicide, and just before he put the gun to the roof of his mouth and pulled the trigger, it showed him looking up at the sign. ***It's coming!***

God made the heavens and earth and everything that in it; you'd better know that ***God means business!***

Verse 18: "I counsel you to buy from Me gold purified by fire..."—***true righteousness!*** Let the trials have their work of perfection in your life.

Yield to God, "...so that you may be rich; and white garments so that you may be clothed, and the shame of your nakedness may not be revealed; and to anoint your eyes with eye salve, so that you may see" (v 18).

So that you may properly understand the things that are going on in your life and your spiritual condition and standing before God.

Verse 19: "As many as I love, I rebuke and chasten. Therefore, be zealous and repent." That's what's going to have to happen!

Someone has to say it! That means that God loves you! God at no time has ever stopped loving you. **But have you stopped loving God?** That's the question, and the answer is *of course the Laodiceans did!*

Now that you are ***spewed out of the mouth of God*** he says; "...Therefore, be zealous and repent. Behold, I stand at the door and knock...." (vs 19-20).

Now Christ is outside looking in, rather than in you being the temple of God and Christ is in you and the Spirit is in you. Now there's so little Spirit in you that ***Christ has to go out and knock on the door of your mind!*** You've got it filled with so many things that Christ is no longer in your thoughts the way that He needs to be.

"...If anyone hears My voice and opens the door... [note sermon *Second Calling* (Love Series #7)] ...I will come in to him, and will sup with him, and he with Me. To the one who overcomes will I give *authority* to sit with Me in My throne, even as I also overcame, and sat down with My Father in His throne" (vs 20-21).

But He leaves it up to each individual and the choice that each individual is going to make. That's why He says:

Verse 22: "**The one who has an ear, let him hear what the Spirit says to the churches.**"

You have choices to make! God is not going to make your choices for you. You have things that

you need to do. That's why it says that 'the greatest commandment' is *to love God with all your heart, mind, soul and being!*

Now is the time to do it, because we are rapidly coming down to the time of the day of reckoning is coming, *is coming, is coming!*

There was recorded in *Josephus* that a man seven years before the fall of Jerusalem who went around Jerusalem and said, 'Woe, Jerusalem, you are going to fall!' I'm sure that he was a prophet of God. This went on for seven years, and no one could shut him up or stop him from it. The Jews thought that it wasn't going to fall.

'We're going to get all together here and we're going to have such righteousness here that God is not going to destroy this city. He's not going to destroy this temple. We are going to do it ourselves.'

They were trapped in their own devices! They had three times as many people in the city of Jerusalem on that last Passover that they kept. All the food stores were eaten up very quickly, the zealots burned them, bludgeoned and killed each other. They ended up with cannibalism. It was so horrible and terrible that the Romans were disgusted with it, and came in and just scraped Jerusalem and the temple to the ground! ***Just like Jesus said!***

So, we need to take that as a lesson for us. ***The time is coming!*** We look at it and see, because we're used to so many things being instant. Everything instant; if you want something you get it now! If you need to do something, you do it now! If you want to talk to someone, you pick up the phone now!

Because of that, when we look out and see the time, and say, 'Well, it may be five years.' We think: Oh boy! Five years, that's a long time! *No it isn't! That's only a few seconds on God's timetable!* If we say it's ten years, then people will say that they have time! Typical Laodicean attitude; 'if it's ten years, I have time!' ***Don't count on it!***

You never know how much time you have. There was a minister who was 42-years-old who went out to dinner with the family and he leaned his head on wife's shoulder and died! There have been a lot of ministers who have died!

God's judgment is coming, and that right soon!

- If we are yielded to God
- If we are allowing the trials and difficulties
 - ✓ to purge us
 - ✓ to cleanse us

- ✓ to give us meekness, humbleness and yieldedness to God

That we see that the love of God is greater than anything, and the most important thing that it could possibly be, then Christ will see us through everything.

- He will help us
- He will guide us
- He will direct us

Here is what Christ is looking for. This is what He has in mind for you. This is why He wants you to come to Him, to repent of your sins so they can be wiped away. This is how He is viewing everyone whom He has called, if they will, if they would.

Romans 8:29: "Because those whom **He did foreknow**... [because you the Holy Spirit within you] ...He also predestinated... [this is your destiny]: **...to be conformed to the image of His own Son, that He might be the Firstborn among many brethren.** Now, whom He predestinated, these He also called; and whom He called, these He also justified... [right standing with God and remain in that right standing with God] ...and whom He justified, these He also glorified" (vs 29-30).

Did you know that by receiving the Holy Spirit of God you have a certain amount of glorification with you already? Because of the Spirit of God that is in you? *By using the power of the Spirit of God to:*

- direct your life
- lead your life
- bring every thought into captivity to Christ
- protect you from all of these things that I've read about here

That's where we are today!

Verse 31: "What then shall we say to these things? If God *is* for us, who *can be* against us?"

- **Woe to you if God is against you!**
- **Woe to you if you are a Laodicean and do not repent!**

Remember those in Matt. 7: 'Lord, haven't we done many wonderful works in Your name: Cast out demons in Your name...' He will say, 'Depart from Me you who work lawlessness. I never knew you!' ***Our relationship with God is on His terms!*** Not on our terms! But, if God be for us, who can be against us?

Verse 32: "He Who did not spare even His own Son, but gave Him up for us all, how shall He not also grant us all things together with Him?"

Do you think that the things in this world are going to be compared to anything that God is going to give us? That Christ will provide for us? What is going to be like to live as a glorified spirit being and all the things that go with that? ***The only way you're going to know is to be there!***

Verse 33: "Who shall bring an accusation against the elect of God?... [provided that you yield to God] ...God *is the One* Who justifies. Who *is* the one that condemns?... [doesn't matter what people say, think or do against you] ...*It is Christ* Who died, but rather, Who is raised again..." (vs 33-34). ***That's the whole central thing of what we do!***

"...Who is even *now* at the right hand of God, and Who is also making intercession for us.... [this is what we need to come to]: **...What shall separate us from the love of Christ?** *Shall tribulation...* [or all these modern things to control your mind] ...or distress, or persecution, or famine..." (vs 34-35)—*none of us have experienced that!* I don't think any of us have experienced a hungry day in our lives except as we fast.

"...or nakedness..." (v 35). Open your closet; you have how many feet of clothes hanging there? How many pair of shoes to put on your feet?

"...or danger, or sword?" (v 35)—***and all of those we're going to face!***

Verse 36: "Accordingly, it is written, 'For Your sake we are killed all the day long... [that is coming] ...we are reckoned as sheep for the slaughter.'" ***That is coming! That's why they're taking away all the rights!***

- Why don't they go to Saudi Arabia and take away the rights from them, because they are the ones who have done it?
- Why bring it in here and take out upon those who are not fighting against the government?
- *Satan wants to destroy us!*
- *Satan wants to destroy this nation!*

And God will let it happen, because as a nation we have turned our back on God! God will let it happen to the Church because the Church has turned its back on God! If we haven't learned any lessons of what has happened, go to Pasadena and look at the campus; go to Big Sandy and look at the campus!

Understand that God has rejected it! Spewed it out of His mouth! We were all part of it, and we were all rejected and spewed out, too. So, we better get ourselves right with God, because ***the day is coming!***

Verse 37: "But in all these things we are more than conquerors...." That's why Christ says to

overcome. How to overcome and the way to overcome!] ...**through Him Who loved us.**" *This is the resolve that we have to come to:*

- discount every pleasure
- discount every thing in the flesh and physical things

Be absolutely persuaded of these; v 38: "For I am persuaded that neither **death...** [that you may be facing] ...**nor life...** [which may be offered to you to recant and give up Christ] ...**nor angels...** [the demons that are after you] ...**nor principalities...** [the higher ones like Satan the devil] ...**nor powers...** [whatever the government may be] ...**nor things present, nor things to come, nor height, nor depth, nor any other created thing,** shall be able to separate us from the love of God, which *is* in Christ Jesus our Lord" (vs 38-39).

There we have both sides of the coin! We have everything that our heart could desire physically, but we're so poor and wretched spiritually!

While there is time and before the judgment of God cometh, what will you do?
