

The “god” of the World Economic Forum

The battlefield of the war God’s people are fighting

Fred R. Coulter—July 8, 2023

The spokesman of the WEF—World Economic Forum—is Yuval Noah Harari. This applies to everyone who doesn’t believe in God. I’m going to read you some things of a transcript we had made of interviews that he had. You need to read this several times so you really grasp what he’s saying. This will be posted on the website: truthofGod.org

Psalm 14:1: **“The fool...”**

Remember what it says in Rom. 1; *those who profess themselves to be wise became fools!* Well, we will see that’s exactly what all of the elite are who worship Satan the devil. *That’s precisely what the most ‘intelligent’ man that they think of on earth is: Yuval Noah Harari. They’re fools!* It says so right here:

“The fool has said in his heart, ‘There is no God!’ They are corrupt...” (v 1).

Think about that! I’ve got a book of how the leading people in the world and the successful ones in the world don’t believe in God.

“...they have done abominable works, there is none who does good” (v 1).

Most people don’t know this, but God is contact constantly of things going on, on the earth! Jesus Christ has seven spirits that go around the world giving a survey of what’s going on all the time! God knows! God even knows when a sparrow falls; isn’t that what Jesus said? If God knows when a sparrow falls, He knows what all of these atheists are doing.

Verse 2: “The LORD looks down from heaven upon the children of men to see if there are any who understand, who seek *after* God.”

What are most people seeking after? *What they want:*

- power
- money
- prestige
- high exaltation

Verse 3: “They have all turned aside, **together they have become corrupt**; there is none who does good, **no, not even one.**”

Think about that for a minute. Remember when the rich man came to Jesus and said, ‘Good Master, what should I do to have eternal life?’

Jesus said, ‘Don’t call Me *good*, there is

none good except God!’ So, Jesus didn’t even consider Himself good, because He was carrying human nature in His physical body. He had to overcome the human nature that He had. He says that *we’re to overcome as He overcame!*

Verse 4: “Have all the workers of iniquity no knowledge, those who devour My people as men eat bread and do not call upon the LORD? There they are in great fear, **for God is with the generation of the righteous**” (vs 4-5).

Remember that God is always with those who are the righteous:

- those who love God
- those who keep His commandments
- those who have His Holy Spirit
- those who trust in His Word
- those who live by every Word of God

*Yes, indeed, isn’t that right? **God is with us!***

- that doesn’t mean we’re perfect, *we’re not*
- that doesn’t mean we don’t have difficulties, *we all do, because we have to live in this world*

Verse 6: “You have put to shame the counsel of the poor; **but the LORD is his refuge.**”

They mock those who believe in God, and look down with the most disparaging disgust they could possibly have on anyone who says, ‘I believe in God, I love God, I keep His commandments.’

Verse 7: “Oh, that the salvation of Israel were come out of Zion! When the LORD turns away the captivity of His people, Jacob shall rejoice, and Israel shall be glad.”

This whole Psalm tells us a lot!

Now what I want to do is read from the transcript, and that’s why we have transcripts with every message that goes out. Everyone can study the transcript, as well as listen to it, as well as see it.

This is a montage of a number of interviews and speeches by Yuval Noah Harari:

Woman: His [Harari] follow up book *Homo Deus* tackled the future, elevating Harari to a sort of digital visionary. Now

he's back with this take on the present day.
His new book: Twenty One Lessons for the 21st Century...

I've got that book and it's worthless!

...explores the influence of algorithms on our everyday lives. How Artificial Intelligence will affect and maybe even replace us.

Harari: [We] Don't have any answer in the Bible what to do when humans are no longer useful to the economy!

That's kind of dumb statement, isn't it? What are they going to do with humans? Wait and see! He has absolute disgust and hatred toward every other human being, and counts them as nothing!

But he's important, because he's smart! He belongs to the World Economic Forum. He's a practicing homosexual in the position of the wife. I have a picture of the husband and he looks like a big bully! *That's the ideal that we are supposed to look to today!*

You need completely new ideologies, completely new religions, and they are likely to emerge from Silicon Valley, or from Bangalore and not from the Middle East. They are likely to give people visions based on technology. Everything that all religions promised...

Technology will answer!

...—happiness, justice and even eternal life—but here on earth with the help of technology...

That's where it will happen!

...and not after death, with some supernatural being.

Man: What are humans for?

Listen to what he says!

Harari: As far as we know, **for nothing!**

There's no purpose or reason for human beings!

(laughter). There is no great cosmic drama, **some great cosmic plan that we have a role to play in it. We just need to discover what our role is and then play it for the best of our ability.**

A magnified Garden of Eden and the Tree of the Knowledge of Good and Evil! 'God, we don't need You! We'll work it out!'

This has been the story of all religions and ideologies and so forth. But as a scientist...

He's no scientist! He may be an historian, but he's not a scientist!

...the best I can say is this is not true. There is no universal drama with a role in it for homo-sapiens. **If you repeat a lie often enough, people will think it's the truth. The bigger the lie, the better!**

People won't even think how that something so big can be a lie. **I think...**

Notice what he thinks; so after he says that everybody who thinks in anything but what I believe in, you don't count:

...that fake news has been with us for thousands of years. **Just think of the Bible.** (laughter) One option that some people talk about is that only a catastrophe can shape humankind and open the part to a real system of global governance.

Never waste a good crisis!

And they say that we can't do it before the catastrophe, **but we need to start laying the foundations so that when the disasters strike, we can react quickly....**

So, he says here's the next step we need to do, here's what technology is going to do. 'We are gods.' He didn't say those words, but that's exactly what he's meaning.

...let's now try to gain control of the world inside us!....

That's their goal!

This is the big, really big, project of science and technology and industry in the 21st century will be to try and gain control of the world inside us, to learn how to engineer and produce bodies, brains and minds.

They even have in Germany a whole way of artificially growing children in artificial wombs. Hitler would love that! Have you ever seen the report of Lebensborn in Germany with Hitler trying to develop the master race. A lot of the SS men were the ones who impregnated thousands and thousands of women to bring out the blonde-haired blue-eyed master race for Heir Adolf Hitler!

One man, the counted, engendered—think on this over a period of a few years—8,000 children! If you never heard of Lebensborn, look it up. That's what they want to do now on a big scale. I just saw a simulated picture of a baby in a plastic womb outside the body of the mother and the mother is there petting the top of the sac that the baby was

supposedly in and saying, 'Women can now have babies without all the trouble and all the pain.'

This world is going nuts!

When people think about the future, very often they think in terms of, 'I want to gain control of my body and of my brain.' I think that's very dangerous! We still have all this 'myth of free will' that everything we choose is of our own free will...

They want to take away free will! How are you going to do that? With the chip inside! They want to chip all human beings!

I've had disputations with Jonathan... I've got a laptop and one of the uses is that Ron Cary sends me e-mails that I need to read along with videos. About once a week I get this little notice: update: Do you want to do it now? Do you want to put it to sleep? Do you want it to come later? *I always either put it to sleep or come later!*

Why do they have to update it every once in a while? I say this, they can take anything off that computer that they want, if they want to. Jonathan says *no*. But they can! Maybe they're not doing it now, but do they have the ability to do it in the future?

Look at all the surveillance, we'll go on because Harari is high on surveillance, as well.

...and this [free will] is a myth that served us well for a couple of centuries, but now it's becoming dangerous....

Free will is dangerous, especially if you don't believe in them!

...We are probably one of the last generations of homo-sapiens, because in the coming generations we will learn how to engineer bodies, brains and minds!

- How exactly will the future masters of the planet look like? *This will be decided by the people who own the data!*
- Why is data so important? *It's important because we have reached the point when we can hack not just computers, **we can hack human beings**...*

That's what they want to do!

...and other organisms!

- What do you need in order to hack a human being? *You need two things:*
 1. you need a lot of computing power
 2. you need a lot of data, especially biometric data

That's only part of one page!

Let's read what God thinks of this! This is the most arrogant thing... If you think Adolf Hitler was arrogant, Klaus Swab and Harari are two of the most arrogant people in the world!

And isn't it interesting? *It's coming out of Germany!* One is a German and one is a Jew! They both, in reality, hate all other people who aren't like them! ***Here's what God says about these kinds of people!*** Harari is not the first one who has come along, but now with all the technology, he's one of the worst ones!

Isaiah 29:15: "Woe to those who go deep to hide *their* purpose from the LORD! And their works are in the dark, and they say, 'Who sees us? And who knows us?'"

That's what they're doing; they're working and planning everything they can, and ***they want another pandemic so that they can control the whole world!*** Right now the World's Health Organization (WHO) is working out a system to do that very thing. That all countries that belong to the U.N. need to subscribe to.

The only one that is holding out is America! The reason is because the Congress would have to approve it. Otherwise, Biden would have already instituted it! We won't talk about his corruption, that's plenty enough!

Now, talking about all these people doing all these things against God:

Verse 16: "Surely, you have turned things upside down! Shall the potter be regarded as the potter's clay... [or non-existent] ...for shall the work say of him who made it, 'He did not make me?'"

Who made Yuval Noah Harari? *God, through the power of pro-creation!* So, Yuval, do one thing: stand up and take your finger and put it in your belly button. This will tell you that you can into existence because of God, and you were totally dependent upon your mother! Later your father!

Now you have the gall to think that you're above everybody else, and to think that you know more than God, and to think that the Bible is a great lie, *when it is the Truth of God!*

"...Or shall the thing formed say to him who formed it, 'He had no understanding?'" (v 16).

Isn't that what Harari is doing? ***There's no purpose for human life***, except that we may chip them and control them!

Isaiah 30:1: "**Woe** to the rebellious children,' says the LORD..."

Isn't that this society everywhere? *They're all rebelling against God!* Did you see all the mobs

of thousands and thousands marching in the 'pride' parades of the sexual perverts from A to Z?

"...Who carry out a plan, but not of Me..." (v 1).

- Is there pride in the world's elite? *Yes, indeed!* They meet at the World Economic Forum all the time.
- How did they get all of their wealth? *Read the temptation of Jesus Christ and see who controls the wealth of the world!*

That's Satan the devil! And they worship Satan directly!

"...and who form an alliance, but not of My Spirit..." (v 1). *That exactly what they are doing!*

What does the WEF want to do? *They want to form a world government! It is coming according to Rev. 13!*

"...that they may add sin to sin" (v 1). *Is that not what we just read with Harari! One sin after another!*

Verse 8: "Now go, write it before them in a tablet, and note it in a book, so that it may be for the time to come forever and ever."

That is what we're just doing now.

- When did Isa. write this? *800_{B.C.}; over 3,000 years ago!*
- Are these words not true today, as they were true back then? *Yes, indeed!*

Verse 9: "That this *is* a rebellious people, lying children. They are children who will not hear the Law of the LORD."

Think about that! ***Anyone who says that all human beings are nothing, and that the Bible is a big lie...***

This is where all the elite are today, and what they are planning. They have the technology now where they can do a lot of things. Not all quite what they want to do, yet; but they're going to work on it! They will succeed!

Isaiah 45:9: "**Woe** to him who fights with the One Who formed him... [that's anybody; anybody who goes against God—**WOE!**] ...a potsherd among the potsherds of the earth! Shall the clay say to him who forms it, 'What are you making?' Or your work, 'He *has* no hands'? **Woe** to him who says to *his* father, 'What are you begetting?' Or to the woman, 'What are you laboring over?'" (vs 9-10). *That's is to bring forth children!*

Verse 11: "Thus says the LORD, the Holy

One of Israel, and the One who formed him, 'Ask Me of things that are to come concerning My sons, and concerning the work of My hands. **I have made the earth and created man upon it; I with My hands have stretched out the heavens; and all their host have I commanded**'" (vs 11-12).

No one is going to go against God very long! It isn't going to last!

Let's talk a little bit more about God, because this has become very important in what we're covering. We'll just cover some of these that are obvious in the Bible.

Genesis 1:1: "In *the* beginning [was] God..."

John 1:1: "In *the* beginning was the Word, and the Word was with the God, and the Word was God."

1-John 1:1: "That which was from *the* beginning, that which we have heard, that which we have seen with our own eyes, that which we observed for ourselves and our own hands handled, concerning the Word of Life."

What is in the introduction of every one of the Epistles of Paul: *From God the Father and Jesus Christ!*

Now we will understand why all of this is here. God wants us to know that

- He has a plan
- He has a purpose
- He is carrying it out

That all those whom He has called who love and obey Him, who have His Spirit are a part of that plan! That's why we have the book: *God's Plan For Mankind Revealed by His Sabbath and Holy Days!* That's why people cannot understand the Bible, because they refuse to obey God. They refuse to believe!

This comes from God the Father the Great Sovereign of the universe! First of all, to the Apostle John, then to the seven churches, then to the rest of the world and the Churches through the rest of the book of Revelation. So, John states His qualifications here:

Revelation 1:1: "*The* revelation of Jesus Christ, which God gave to Him, to show to His servants the things that *are* ordained to come to pass shortly; and He made *it* known, having sent *it* by His angel to His servant John who gave witness *to* the Word of God and the testimony of Jesus Christ, and all the things he saw" (vs 1-2).

This first part, especially v 2, was written after he had finished the book of Revelation and put

this in here, because it say, "...and all the things he saw."

Verse 3: "Blessed *is* the one who reads, and those who hear the words of this prophecy and who keep the things *that are* written therein; for the time *is* at hand."

Read through there every commandment of God is noted one way or another. The Holy Days are represented one way or the other.

Verse 4: "John to the seven churches that *are* in Asia: Grace and peace *be* to you from Him Who is, and Who was, and Who *is* to come; and from the seven spirits that are before His Throne." *Direct from God!*

God wants us to know, especially living in these last days. We're going to be confronted with the greatest opposition that can possibly come. When they come out with the *Artificial Intelligence Bible* that's going to be hailed as the greatest thing to happen, and they will outlaw the true Bible!

- Why do you think they're going hate us?
- Why do you think they're going to martyr us?
- Why do you think they're going to come after us?

This message is so that *we know and can stand strong!*

Verse 5: "And from Jesus Christ, the faithful Witness, the Firstborn from the dead, and the Ruler of the kings of the earth. To Him Who loved us and washed us from our sins in His own blood, And has made us kings and priests to God and His Father ... [that our goal; that's why we're here] ...to Him *be* the glory and the sovereignty into the ages of eternity. Amen. Behold, He is coming with the clouds, and every eye shall see Him..." (vs 5-7).

What is one of the big fads today on television? *Aliens from outer space!* As we covered with Pentecost, when the resurrection occurs, it's going to look like aliens from outer space. That's why the world is going to fight us.

Let's see what Jesus says about Himself, and this is important because ***He's declaring the power and authority that He has to do what He says!*** When we understand every single word of God is true! Everything that has been changed by men has been known!

Verse 8: "'I am the Alpha and the Omega, the Beginning and the Ending,'... [that covers all of God's Plan!] ...says the Lord, 'Who is, and Who was, and Who *is* to come—the Almighty.'"

Verse 11: "Saying, 'I am the Alpha and the Omega, the First and the Last, and what you see,

write in a book and send *it* to the churches that *are* in Asia:

God wants it written down! Men don't think that other men can write the Word of God. Harari doesn't! He says that a Bible by A.I. is going to be more important than that written by men. After all, the Holy Bible was written by men. ***But:***

What does it say about the ones who wrote the Bible? Moses was faithful! That the Bible didn't come about by any interpretation of men, ***but by men***—meaning men who loved God and kept His commandments and worshipped Him—***wrote as they were moved by the Holy Spirit!***

Can the Holy Spirit make someone do something even if they don't want to? *Yes, indeed! Remember the account of Balaam!* He came to curse, but he couldn't curse because God wouldn't let him. He blessed Israel and even prophesied of the coming of Christ! He was an enemy of God.

That's why it's important to understand that Holy men wrote the ***God breathed words*** for us!

(break@38:50)

Let's continue on with more of the transcript of the Harari video. At the end of it are some very interesting things. He brings out ***how the elite are going to manipulate every crisis that comes along like they did with Covid!***

Harari says that everybody trusts the scientists and even the religionists. Then he says of the future:

We need some kind of global loyalty and global identity!....

Sound like the *mark of the beast?*

...Earth will be populated, or even dominated, by entities that are not organic....

We're going to make robots to replace people! Guess what? In Austria, in Vienna, they had a whole church service run by A.I.

...That they don't breathe! They don't have emotions!

The potential of A.I. is much, much bigger than any historical revolution. It's really a biological revolution.

Now if you give the tools to start changing or overcoming biology, just think about sex life. Almost every religion and every ideology wanted to really change human sexuality, or limit it. But they couldn't. You had vows of chastity in the church. How many people actually bowed to their vows of chastity.

Now then, if you can really start messing with human biology, what will be the result of these sexual fantasies of different religions and ideologies.

What happened? *It gets down to what they want with their own sexual behavior!*

Then the big political and economic question of the 21st century will be:

- What do we need humans for?
or at least
- What do we need so many humans for?

Man: Do you have an answer in your book?

Listen carefully to this; this a shocker!

Harari: At present, the best guess we have is 'keep them happy with drugs and computer games.'

We need to understand that God has a purpose! For us! For what He's doing! He's the One Who made us. That's why we have the book: *From a Speck of Dust to a Son of God: Why Were You Born?*

If people don't know why they were born or why God has created them, what do they really know? Then they can go around and be easily manipulated by people like this. Now with all of the computer and technological things that they have, they can do it without you even knowing it!

Psa. 139—David was looking at the questions:

- Why am I here?
- Why is there God?
- What is He doing?
- What am I doing?

Psalm 139:1: "O LORD, You have searched me and have known me. You know my sitting down and my rising up; You understand my thoughts afar off" (vs 1-2).

That's an awesome power of God. Only God can have that power to use it correctly.

Verse 3: "You measure my going about and my lying down, and are acquainted with all my ways." *Everything about us God made!*

Verse 8: "If I go up into heaven, You are there; if I make my bed in the grave, behold, You are there." *That's because God knows everything!*

Verse 13: "For You have possessed my **reins**... [a special part of the human mind that connects you directly with God and God directly with

you] ...**You have knit me together in my mother's womb.**"

Isn't that true! God makes every human being. How does He do that? *He started out with Adam and Eve and the genes and chromosomes are passed down in every generation!* Because of that, God is One Who makes us. God has a plan and purpose for us.

Verse 14: "I will praise You, for I am awesomely and wonderfully made..."

Are any of the robots that men make capable of anything to compare to what human beings can do? *No!* you look at them and they're all programmed!

"...Your works are marvelous and my soul knows it very well. My substance was not hidden from You when I was made in secret..." (vs 14-15).

That's true! When you're first conceived, even the scientists call that *substance*. But then when that happens, when there's a new conception there is a great spark of life, up to 480 volts! Just instantly! What that does is it seals the egg of the mother so that you are a unique individual from that instant on.

God said of Jeremiah, 'I knew you before you were formed.' That means as soon as he was conceived of begotten—conceived by his mother and begotten by his father—God knew him and what he was going to do. That's what God told Jeremiah, *before you were formed, I knew you!* Think about that in relationship to all human beings and how that God has a great plan! God has great love for all of us, even those who go astray! *That's why we have the second resurrection!*

"...and intricately formed in the lowest parts of the earth.... [a simile for the womb] ...Your eyes did see my substance, yet, being unformed; and in Your book all my members were written..." (vs 15-16).

The genes and chromosomes are like a book. What comes from your father and from your mother unites together produces you as an individual separate from anybody else! Even identical twins, when they get down to finite details are not quite as identical as people have supposed.

"...which in continuance were fashioned..." (v 16).

Isn't that what happens, keeps growing and growing, as you will see in the book *Why Were You Born?* the development of the baby in the womb. That is the work of God! That's a wonderful thing, indeed!

"...when as yet, there were none of them. How precious also are Your thoughts to me, O God!

How great is the sum of them! If I should count them, they are more than the sand; when I awake, I am still with You” (vs 17-18).

Let's see what God that He has a purpose; He has a purpose for all of us.

- What is He going to do?
- What does God want?
- What is He creating?

He is creating His own spiritual sons and daughters!

Psalm 57:1: “Be gracious unto me, O God, be gracious unto me; for my soul trusts in You... “

- that's why we have the Word of God
 - that's why we have the Spirit of God
- so we can have*

- faith
 - belief
 - trust in God
- in everything!*

“...yea, in the shadow of Your wings I will make my refuge until these great troubles pass by” (v 1).

That's just tells us that when there are great troubles, God will watch over us. We have a lot of that today and we need to be really aware of it! So, when that happens, David says:

Verse 2: “I will cry to God Most High, to God **Who fulfills His purpose for me.**”

God has a purpose for every one of us! It's so great and fantastic that ***the eye has not seen, the ear has not heard, nor has it entered into the heart of man the things that God has prepared for those who love Him!*** This is what's important!

God loves us, and we have to love God back! Let's see something else concerning His purpose, and Rom. 8 shows that God is dealing with us, even in the world that we are living in now with all the troubles. Here it tells us something very important. It also tells us in Rom. 8 that we're going to be inheritors with Christ when He returns.

Romans 8:28: “And we know...” *This is what we have to come to understand; this is why we:*

- go through trials and difficulties
- have good things
- difficult things
- trying things
- things we don't understand
- things that are beyond our control

But God is going to take care of it!

“...we know that all things work together for good to those who love God...” (v 28).

I did a Mike & Mike podcast and one of the things that I covered was that God's love is not unconditional. Everyone wants the love of God to them, but they don't want to love God back. The first commandment—the greatest commandment—is to love God with all your heart, mind, soul and being.

Can you imagine what the world is going to be like that Harari dreaming of? *Robots!*

- no emotions
- no feelings
- no love

That is as satanic as you can get!

“...to those who are called according to **His** purpose,

Like it says in Psa. 57; ‘He will fulfill His purpose for us.’ Now let's see that God has a purpose for the whole earth. This is quite something when you understand it. Remember that if God purposes it, it will happen!

Everyone needs to listen to this, including all the elite and Harari who think they know more than God. Who think that they can sit in the seat of God and do the things that makes them a ‘god’ over other people.

Isaiah 14:24: “The LORD of hosts has sworn, saying, ‘Surely as I have thought, so it shall come to pass; and as I have purposed, so it shall stand.’” *That's why God made us in His image!*

During the days of Isaiah, did God carry out his purpose in destroying the army of the Assyrians right at the doorstep of being able to invade Judea? *Yes!*

Verse 25: “That I will break Assyria in My land, and upon My mountains, and trample him under foot. Then his yoke shall be removed from them, and his burden shall be taken off their shoulders. **This is the purpose that is purposed upon all the earth...**” (vs 25-26). *That is the will of God!*

It's going to be taken care of! That's the purpose of God. Within that, He's given us free moral agency. He's given us choice! We find that in Deut. 30, that He wants us to choose life! Too many people today are choosing evil and death!

Look at what's happening with all the homeless! What a terrible thing happening to all of them!

“...and this *is* the hand that *is* stretched out upon all the nations... [it starts with the Assyrian,

but covers everything] ...for the LORD of hosts has purposed, and who shall reverse *it*? And His hand is stretched out, and who shall turn it back?" (vs 26-27).

Think about that with all the prophecies. Think about that with all the laws. With every law there's a blessing if you keep it, and there's a penalty if you don't! Every single law! Not only the commandments, but also the laws of physics, the laws of anything else.

On the Science Channel they have *The Greatest Mishaps of Engineering*. Some of them are gigantic, because they didn't do it right. They went against the laws that are necessary for building buildings, bridges and roads that if they overlook them and they try to go against them, you're going to have collapsing buildings. Remember the one in Florida with this high-rise condominium. All of a sudden, one day it fell to the ground. Why? Because the engineers didn't account for the factors that they needed for the proper foundation.

There are always laws, and we have to keep them!

Isaiah 46:5: "To whom will you liken Me, and make *Me* equal, and compare Me, that we may be alike?"

This is what God is saying to Artificial Intelligence, which is the new idol.

Verse 6: "They pour gold out of the bag, and weigh silver with the balance, *and* hire a goldsmith; and he makes it a god; they fall down, yea, they bow down *to it*."

What do they have to have in all these computer chips to fund A.I.? *Gold and silver!* Plus many other factors, too. They bow down to it; that's what they're worshipping today!

Verse 7: "They carry it upon the shoulder, they carry it and set it in its place, and it stands; it shall not move *itself* from its place. Yea, *one* shall cry unto it, yet, it cannot answer, nor save him out of his trouble.

A.I. can answer back! We have this transcript, which Bonnie Orswell did of the Harari Interview. That's written in such a way, that's quite a thing. All of our transcripts she had done and they are so good. It helps you to understand the Bible even more. Mike Flake sent me a transcript by A.I. and A.I. had it all, but it was all monotonous.

Verse 8: "Remember this, and show yourselves men: bring it again to mind, O you transgressors. Remember the former things of old; for I *am* God, and there is none else, I am God, and there is none like Me" (vs 8-9).

That's why we have the Old Testament so we can read it and remember it. We can see all of the difficulties and problems that people have when they leave the true God! The most miserable people on earth are those who say that there is no God.

But those who really know God and have His Spirit, love Him and keep His commandments, He has great purpose for, as we read. We know what that is, *to be the sons and daughters of God and to live forever in New Jerusalem*.

So, while all these scientists, men and politicians, and the World Economic Forum and all the elite try to run our lives and run the world. They're going to make it the most catastrophic thing that has ever existed, *and only God can rescue us from it!*

Verse 9: "Remember the former things of old; for I *am* God, and there is none else, **I am God, and there is none like Me.**"

Like the interview with Harari, what does he really know? He certainly doesn't understand about what love is all about. He doesn't know God! He thinks that human beings are worth nothing! He thinks that the Bible is the biggest lie ever! *Let's see what happens to him!*

God also goes on saying, v 10: "Declaring the end from the beginning... [Isn't that what we read in Rev. 1?] ...and from ancient times the things, **which were not yet done**, saying, '**My counsel shall stand, and I will do all My pleasure.**'"

Nothing is going to go against the will of God. That's why He has made it known! No man—even with technology—can replace anything that will get rid of the Bible. The Word of God will stand! That also means, for all of us in the Churches of God:

- we have to *know* the Word of God
- we have to *understand* the Word of God
- we have to *believe* the Word of God
- we have to *believe in God and have faith*

Because, when they get new Bible out—as I explained in the message on the coming A.I. Bible—*God's Intelligence vs A.I.*—they're going to come after the true Word of God with vengeance. *We need to be strong and ready!* They're working hard at it!

Verse 11: "Calling a bird of prey from the east, the man of my counsel from a far country..."

He's leading up to about His naming Cyrus whom He raised up to free the Jews out of the Babylonian captivity, after 70 years; to go back and build the second temple.

"...Yea, I have spoken... [How sure is that?] ...I will also bring it to pass..." (v 11). *God is going*

to do it!

So, when we read things, wherever it is in the Bible, it's all true! That's why we have *The Holy Bible in Its Original Order, A Faithful Version!* All the errors that men have done through the years are known, and we have corrected all that we know of in producing the Bible. That means that we all have an obligation to:

- know it
- live by it
- understand it
- study it
- apply our minds and thoughts and emotions to it, and to God

“...I have purposed it, **I will also do it**” (v 11).

It doesn't matter what Harari says, or anybody else. No one is going to go against the Word of God!

Verse 12: “Hearken to Me, you stubborn-hearted who *are* far from righteousness; I bring near My righteousness. It shall not be far off, and My salvation shall not be delayed; **and I will place salvation in Zion, for Israel My glory**” (vs 12-13). *That's what the return of Christ is all about!*

How do we survive in this age? Harari and the elite want to hack human minds, human biology. ***They want to create a satanic world!*** We're living in the transition of that right now. What are we going to do?

2-Corinthians 10:3: “For although we walk in *the* flesh...”

Yes, we're still human and flesh. All of the things that God created for us to live and function are there and working. We have His Holy Spirit to understand His Word, and to verify understanding His Word, ***we keep it, obey it and we also love Him!***

“...**we do not war according to the flesh**” (v 3).

What we just read with the interview ***is a war!***

Verse 4: “For the weapons of our warfare *are* not carnal... [nor satanic] ...**but mighty through God to the overthrowing of strongholds.**”

What are strongholds? They talk about controlling the human mind. They want to control it with computer chips, with A.I. computers.

God wants us to control our mind with His Spirit! That's what He wants. That control comes as we yield to God in prayer and study on a regular basis! ***Here's how you control your own mind:***

Verse 5: “**Casting down vain**

imaginations...”

The human mind by itself is going to have all kinds of imaginations. Some may be good, some may be sinful, some may be so terrible that when they occur you wonder: How did I think of that? Have you ever had that happen? *That's because that's the way the human mind is with the law of sin and death!* So, we have to mentally and spiritually ***grab hold of thoughts and cast them down! Get rid of them!***

If something comes along that you wonder how you had that thought, repent of it and immediately ask God to help you get rid of the idea of it!

“...and every high thing that exalts itself against the knowledge of God...” (v 5). ***That happens!***

Sometimes it happens when you have a disease or something come along and you wonder why God allowed this. May you need to ask: Did I take care of my body? ***And then you doubt God when God doesn't heal you immediately!*** Cast those thoughts down!

“...and **bringing into captivity...** [your control of free moral agency, of your mind and thoughts] ...**every thought** into the obedience of Christ... [that's the warfare that we have today] ...and having a readiness to avenge all disobedience...” (vs 5-6).

Meaning that you in your mind you say, ‘No more!’ Sometimes you have to go through it many times before you really overcome it. That is especially true today for young people who are coming out of things like drug addiction. Their minds have been damaged. It takes time to heal those minds, and to bring the thoughts back to what they should be.

“...whenever **your obedience** has been fulfilled” (v 6).

How do we fulfill that? Let's see what it is. It's called *the fruits of the Spirit*, or *the result of the Spirit!* Think about this over the time span of your life.

It's interesting that Harari says that ‘they want to develop a society of robots that have no emotions.’ ***That's the opposite of God! Here's what God wants:***

Galatians 5:22: “But the fruit of the Spirit is love...”

- God's love to you
- your love to God
- your love to the brethren

All of that has to be!

Sometimes that love is a little difficult to work, because the brethren—all of us—have things we need to work on. So, we make mistakes and do things that are not right. We hurt each other's feelings. This is why we need love, to heal that. This is why we need to put it all in God's hands!

“...joy, peace... [peace of mind, peach with each other] ...longsuffering... [put up with things, sometimes for a long time] ...kindness, goodness, faith, meekness... [not lifted up in vanity or arrogance; and finally]: ...**self-control**...” (vs 22-23).

- that's what God wants with His Spirit
- that what it means to bring every thought into captivity to the obedience of Christ
- that's what it means: casting down vain imaginations

Self-control!

This is what God wants. God does not want a ministry to rule over brethren. He wants a ministry that teaches the brethren to rule their own lives, and their choice in their relationship with God. To grow and develop and have the character that God wants, and to fulfill His purpose for us.

That's the battlefield that we are on today:

- the way of God with His Word and Truth and Holy Spirit
- the way of the world and the world's way with Satan the devil as their god and all the sin that they live with

That's what we're looking at today. I hope this has been helpful to you to understand:

- what's going on in the world
- what they are thinking
- what they are planning
- how this is going to take place as we come down in time
- what we're looking at in dealing with people coming into the Church and what it's going to be like for them to repent and come to the Truth

and even in our own lives!

Let's have that self-control and yieldedness to God in everything!
